Strata™ Announces Archi Pack™ Model Libraries

Extensive shape libraries provide pre-made content for serious designers

St. George, Utah, November 27, 2006 — Strata, the company adding the power of 3D to the designer's toolset, announced today the launch of the Strata Archi Pack to its line of powerful additions for Strata 3D CX. Archi Pack provides hundreds of professionally made content elements perfect for any project involving exterior and interior environments.

Developed by Pentagrafic in Spain, the Strata Archi Pack consists of two Shape libraries: Shapes: City Vol. 1 and Shapes: Studio Vol. 1.

Shapes: City Vol. 1

This collection of content provides everything a user needs to set up a modern cityscape. Included are items such as street signs, sculptures, fire hydrants, street lights, playground equipment, bus stops and more. Also included are full scale buildings and street scenes. With Shapes: City Vol. 1, Strata 3D CX users have all the tools at their disposal to quickly create convincing scenes of urban life.

Shapes: Studio Vol. 1

If it can be found on a desk in a modern studio or office setting then it can be found in Shapes: Studio Vol. 1. This comprehensive package of pre-textured 3D models will save hundreds of hours for the designer looking to create a convincing office environment. Everything from computers to furniture to staplers can be found in this professionally developed package.

Strata Archi Pack Special Offer

For a limited time the Strata Archi Pack will be available to registered Strata 3D CX 5 users at a substantial discount. Normally priced at \$49 for each library, the combined Strata Archi Pack bundle can be purchased for just \$69. More information is available at www.strata.com.
